

Abidul Hoque Alvee

CSE Graduate | AI & ML Enthusiast | Internship Candidate

Education

Bachelor

2022 - 2026 | B.SC.IN COMPUTER SCIENCE AND ENGINEERING
(CSE) PREMIER UNIVERSITY, CHITTAGONG

Technical Skills

- **Programming :** Python
- **Web:** HTML,CSS,JavaScript,PHP, Laravel
- **Database:** MySQL
- **Machine Learning:** Pandas, NumPy, Classification, Regression, Model Evaluation.
- **Tools:** Git,Github

Project

Online Bidding System

BidZone - Online Bidding System: Developed a Laravel-based online auction platform with Admin, Seller, and Bidder roles. Implemented secure authentication, auction management, bidding, winner selection, MySQL integration, image uploads, and automatic auction processing. Designed a responsive interface using Blade, Bootstrap, CSS, and JavaScript.

Live Demo: <https://online-bidding-system.alwaysdata.net/auctions>

Final Year Thesis

BanglaHandwrittenUpazila-DistrictPair Name Recognition Using Ensemble Learning

Developed a deep learning-based handwritten Bangla recognition system using Python, PyTorch, ViT-Base, and ConvNeXt-Tiny. Implemented image preprocessing with OpenCV, NumPy, and Pillow, and combined ViT and ConvNeXt using a Weighted Soft Voting Ensemble. Built an interactive Streamlit application for recognition.

Live Demo: <https://bangla-upazila-recognizer-kdbt3er8vw5zgdmzkjybu7.streamlit.app/>

Learning & Development

Currently completing an intensive AI and Machine Learning Bootcamp on the Ostad platform to strengthen my practical understanding of machine learning, artificial intelligence, data analysis, model development, and real-world problem solving.

Languages

- Bangla
- English
- Hindi

About Me

Recent Computer Science and Engineering graduate with basic knowledge of Python, MySQL, web technologies, and Machine Learning. Interested in Software QA Engineering, AI, Machine Learning, and Software Development, with a strong eagerness to learn new skills, gain practical experience, and grow.
