

Abidul Hoque Alvee

CSE Graduate | AI/ML Enthusiast | Internship Candidate

About Me

Recent Computer Science and Engineering graduate with basic knowledge of Python, MySQL, web technologies, and Machine Learning. Interested in AI, Machine Learning, and Software Development, and eager to learn new skills, gain practical experience, and grow as a developer.

● Education

B.Sc. in Computer Science and Engineering (CSE)

Premier University, Chittagong

Graduation Year: 2026

● Technical Skills

- **Programming:** Python,
- **Machine Learning:** Ensemble Learning, Model Training, Evaluation
- **Web:** HTML, CSS
- **Tools:** Git, GitHub
- **Database:** MySQL

● Final Year Thesis

Bangla Handwritten Upazila–District Pair Name Recognition Using Ensemble Learning

- Developed a machine learning-based handwriting recognition system for Bangla handwritten Upazila–District name pairs.
- Applied image preprocessing, model training, prediction, and performance evaluation techniques.
- Built and deployed an interactive Streamlit web application for real-time recognition.
- Published the project code and implementation on GitHub and provided a live demo.

Repository: <https://github.com/yonduvee/Bangla-Upazila-Recognizer>

Live Demo: <https://bangla-upazila-recognizer-kdbt3er8vw5zgdmzkjybu7.streamlit.app/>

● Training

AI & ML Bootcamp — Ostad (Ongoing)

- Strengthening practical knowledge of Artificial Intelligence, Machine Learning, Python programming, and project-based problem solving.
